### PROFILE

I am a self-starter with an analytical mindset and curious nature. I am passionate about designing and building computer game programs. I will delve deep into the inner workings of game design all the way to how to code and build it. I am a student at Dominion High School and will craft my educational experience to help me better understand and build higher quality computer games.

### EDUCATION

- [Dominion High School](#)  
2022 - 2023: 9<sup>th</sup> Grade Student
- [Seneca Ridge Middle School](#)
